Dear Medicaid Nursing Facility,

Medicare Certification is now required to receive Medicaid Reimbursement Funds. Your facility must be enrolled with Medicare by October 1, 2005 to continue receiving Medicaid Funds.

Contact Johnetta Harris at (404) 657-5948 and ask for the Nursing Home Application Packet. This packet will contain information regarding Nursing Home Enrollment with the Centers for Medicare & Medicaid Services (CMS).

Please note: Keep in mind that all information must be completed in the packet for the enrollment to be processed.

Sincerely,

Georgia Department of Community Health
